La Nativité

To Make the Book

1. Fold A4 sheet lengthways in half.
2. Fold in half again and once again (8 rectangles with a picture in each).
3. Open up and fold in half only and cut down middle but only half way

4. Open out bottom quarters (a, b etc) on back and front and pull cut sides open to make a cross if looking down on edges and then press leaves together to form a book
